

Software Inventory

As part of the mandatory exercise that CC is required to execute, we need to have the software inventory of devices connected to our network. Please cooperate in this exercise and install the software given below as per the system you work with. Necessary FAQ is provided for user convenience.

1. Run it on all your devices and lab devices (if any).
2. This is a mandatory requirement.

Users are required to install the following software in your desktop/laptop

For windows systems: <https://ftp.tifr.res.in/script/Windows>

For Linux systems: <https://ftp.tifr.res.in/script/Linux>

For Mac systems: <https://ftp.tifr.res.in/script/Mac> (hardware [Apple Silicon or Intel])

FAQ available for reference as below

Windows: https://ftp.tifr.res.in/script/Windows/Windows_Operating_System.pdf

Linux: https://ftp.tifr.res.in/script/Linux/Linux_Operating_System.pdf

Mac: https://ftp.tifr.res.in/script/Mac/Mac_Operating_System.pdf

Please complete this exercise well before 01 Oct 2022. For any help reach out to CC at 2121 or via email to cc@tifr.res.in
